ABOUT ME

Hi, I am a person who has a strong passion for programming with experience in creating Landing Pages and SPA, using React(JS/TS), Redux, HTML & CSS. Now I am improving my skills in this direction and expanding them with new technologies. And also I have interest to learn React Native. I would like to find a project work/full-time job in a creative company with up-to-date task and collaborative team!

WORK EXPIRIENCE
